

In this document you'll find the test suites and test cases written for the following usability requirements.

[U3 UI buttons \(https://github.com/jimmybengtsson/grupp03-redriver/wiki/6.2.2-Usability#test-suite-ui-buttons-u3\)](https://github.com/jimmybengtsson/grupp03-redriver/wiki/6.2.2-Usability#test-suite-ui-buttons-u3)

[U4 Responsive \(https://github.com/jimmybengtsson/grupp03-redriver/wiki/6.2.2-Usability#test-suite-responsive-u4\)](https://github.com/jimmybengtsson/grupp03-redriver/wiki/6.2.2-Usability#test-suite-responsive-u4)

NOTE: This is an exploration test

[U5 App accessibility \(https://github.com/jimmybengtsson/grupp03-redriver/wiki/6.2.2-Usability#test-suite-app-accessibility-u5\)](https://github.com/jimmybengtsson/grupp03-redriver/wiki/6.2.2-Usability#test-suite-app-accessibility-u5)

Test suite: Simple UI (U1)

Test suite: WCAG 2.1 (U2)

Test suite: UI buttons (U3)

Scenario

A user is able to understand what a button does only by reading the text on it. When clicking a button the user expects the corresponding event to happen.

Preconditions

T.2.1.

Test ID	Title	Steps	Expected
U.3.1	User wants to chat.	1. Click on "Chatta".	See chat page.
U.3.2	User wants to see their friendslist.	1. Click on "Vänner".	See friends page.
U.3.3	User wants to make a video call to another user.	1. Click on "Starta video".	See pop-up with the alternatives on whom to call.
U.3.4	User wants to start their livestream.	1. Click on "Starta live".	See settings page for livestream.

Test suite: Responsive (U4)

Note: This is an exploration test

Scenario

A user can use the application in portrait and landscape mode on Android and iOS mobile and tablet devices.

Preconditions

The system is online.

In data

Username	Password
sTestUser0	sTestUser0

Steps

1. Explore the pages of the application, alternating between portrait and landscape mode.

Test ID	Title	Expected
U.4.1	User with android phone.	Responsive application.
U.4.2	User with android tablet.	Responsive application.
U.4.3	User with iOS phone.	Responsive application.
U.4.4	User with iOS tablet.	Responsive application.

Test suite: App accessibility (U5)

Might need some rewriting

Scenario

A user with an internet connection can use the application on Android and iOS mobile and tablet devices.

Preconditions

T.2.1.

Steps

1. Explore the pages of the application, alternating between portrait and landscape mode.

Test ID	Title	Expected

U.5.1	User with android phone and internet connection.	Able to use the whole application.
U.5.2	User with android tablet and internet connection.	Able to use the whole application.
U.5.3	User with iOS phone and internet connection.	Able to use the whole application.
U.5.4	User with iOS tablet and internet connection.	Able to use the whole application.
U.5.5	User with android phone in airplane mode.	Only able to see the cached pages.
U.5.6	User with android tablet in airplane mode.	Only able to see the cached pages.
U.5.7	User with iOS phone in airplane mode.	Only able to see the cached pages.
U.5.8	User with iOS tablet in airplane mode.	Only able to see the cached pages.

Test suite: UI extents (U6)
